

AFS meeting families & Liaisons:

Hello!

As you know, the meeting for the families potentially interested in hosting an AFS exchange student for the 2018-19 school year is next Monday, January 15th. It will take place at Plymouth High School beginning at 6:30pm in Room B223. However, I anticipate a room change. Look for a note on the door.

This meeting is also open to those considering the opportunity to be a Liaison for the students & families.

The objective of this meeting to meet those interested in hosting/liaisons next school year. We hope to address any questions and talk about the process that is used to identify students, the application and the "what next?" questions.

Recently, I sent you an email with a link to complete a short questionnaire to help Ann and I select a student that is right for your family and the district. Please take the time to complete it as soon as you can. You will find the link to it below. Ann and I have already begun reading applications of students interested in coming to the States.
