

PLYMOUTH EDUCATION FOUNDATION

Enhancing The Experience.

The Plymouth Education Foundation funds innovative initiatives that enhance the educational experience for students enrolled in the Plymouth School District. The Foundation uses tax-deductible gifts to provide funds for opportunities above and beyond the normal operating budget of the school district. For 30 years, the Foundation has been dedicated to leading and supporting educational initiatives that are a model of leadership, excellence and innovation supporting all students to achieve success and make a difference in society. Annually, the Foundation awards over \$40,000 in scholarships to graduating PHS Seniors pursuing a higher education at four year colleges/universities or two year technical schools. In 2014 the Foundation led its first capital campaign exceeding its \$1 million goal to build a Food Science and Agriculture Center at Plymouth High School that opened Fall 2015. In 2021, the Foundation awarded over \$24,000 in grants to PSD staff, students and the community who partner with PSD staff. Your contribution will help the Plymouth Education Foundation enhance the educational experience for students in the Plymouth School District.
