Second Quarter

## COUNSELOR NEWS

The school year is in full swing as we are getting close to the holiday break which means we are closing in on the end of semester one! It is important to be checking your student's grades on Skyward to make sure they are caught up on work and passing classes. Now is a time of year we are talking a lot more about plans after high school and many career opportunities are becoming available. Because of this, encourage your student's to check their "Class of 20xx" Google Classroom pages for any postings about leadership opportunities, job shadows, college visits, college and career exploration tools, and so much more. As always, feel free to contact your student's counselor with any specific questions or clarification needed at any point.
