

We're looking for families to welcome AFS-USA exchange students next school year.

AFS students come from 80+ countries, many of them on full scholarships, to spend a school year [or a semester] living with a volunteer host family, attending high school, and becoming part of their local community. Hosting an AFS-USA exchange student is a great way to learn about a new culture while sharing your own, to build a connection to a new family member, to bring the world to your family and community, and to have a positive impact on a young person's life. All types of families are welcome to host, including families with kids of any age, empty nesters, couples or individuals without kids, and more. AFS is a nonprofit with over 75 years of experience in student exchange, and a great network of dedicated local volunteers to support host families and students throughout the exchange experience.
